

# The Nara Panel System

## The Nara Panel Advantage:

Graphics can be added to provide local flavor to this architecturally contemporary window treatment.

Panels can be easily removed by taking off the Velcro carrier and removing the bottom weight from its pocket for cleaning or to change the fabric for a different look.

NARA panel System is arranged to stack right or left /single, or pair/center stack. Operated by Cord, baton or can be motorized. Blackout and solar shade options available to fit any requirement or theme.
