

## Sheet Duvet Assembly Instructions

The Sheet Duvet should be laundered as specified in the provided care instructions. Before laundering the Sheet Duvet should be turned inside out and all four of the ties should be tied to avoid damage during the cleaning process. The Sheet Duvet is fed into the calender machine foot first.

The following instructions will assist you in assembly of the Sheet Duvet.

Step 1 — Lay the inside out Sheet Duvet over the bed.

Step 2 — Spread the insert on top of the Sheet Duvet

Step 3 — Tie the loops of the insert to the Sheet Duvet at all four corners

Step 4 - Reach into the sheet duvet and grab the corners pulling the insert into the Sheet Duvet.

Step 5 — Pull out both bottom corners until the Sheet Duvet is right side out.

Step 6 — Once right side out, shake the Sheet Duvet to even out the insert.

Step 7 — Position the Sheet Duvet on the bed and fold the decorative flap over the top.

Congratulations, you're a Sheet Duvet master  
This entire process should take only 2 minutes
